Subject: Letter to Planning Commissioners, Item #2

Hi Shari. Thank you for submitting this to the planning commissioners.

Wednesday, August 17, 2022

Mr. Lucas Seibert
Chair Quilici
Commissioner Bennett
Commissioner Murphy
Commissioner Trent
Commissioner Starkweather

August 17, 2022 Planning Commission Meeting Agenda Item #2: Lot Line Adjustment 214
Bryant Street

Mr. Seibert, I appreciate your due diligence on this matter. I support your recommendation to continue this item for the reasons you stated in your report: that applicant has not provided staff with any information related to the subject of existing underground tanks, and that a geophysical study be submitted as requested by Rincon Consultants.

Thank you,

Leslie Hess
