

**CITY OF OJAI**

**RESOLUTION NO. 17-45**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF OJAI PROTECTING  
OUR OCEAN AND COAST FROM OFFSHORE DRILLING, EXPLORATION,  
HYDRAULIC FRACTURING AND OTHER UNCONVENTIONAL OIL EXTRACTION  
TECHNIQUES**

**WHEREAS**, the City of Ojai and its visitors enjoy California's beaches and the Pacific Ocean for recreational, commercial and educational activities, all of which support our local economy; and

**WHEREAS**, our City's residents value our state's ocean and coastal waters, which provide habitat to a vast array of wildlife, including fish, whales, sea turtles and birds that depend on a healthy and clean environment; and

**WHEREAS**, offshore oil and gas drilling and exploration off the Pacific coast put these coastal resources and the communities and industries that depend on them at risk from oil spills and other damage; and

**WHEREAS**, a massive oil spill in 1969 off the coast of Santa Barbara fouled coastal waters and caused catastrophic economic and environmental damage, and

**WHEREAS**, in 2015 a pipeline servicing offshore oil platforms burst and fouled the same coastal areas, damaging wildlife and impacting recreational and commercial activities; and

**WHEREAS**, the Trump administration is considering expanding offshore oil and gas leasing to new areas which have largely been off limits to new federal leasing, including the Pacific coast; and

**WHEREAS**, new federal offshore oil and gas leases have not been granted off the coast of California since 1984; and

**WHEREAS**, hydraulic fracturing and other unconventional oil extraction techniques such as acid fracturing, matrix acidizing, gravel packing and cyclic steam injection collectively referred to here as "fracking and other well stimulation," provide another means to expand offshore oil and gas extraction off California's coast; and

**WHEREAS**, fracking and other well stimulation techniques increase pollution and the risk of oil spills and earthquakes; and

**WHEREAS**, the offshore oil industry is permitted to dump more than nine billion gallons of wastewater into the Pacific Ocean every year, including wastewater from fracking that may be laced with toxic chemicals that can harm human health and wildlife; and

City of Ojai  
Resolution No. 17-45

**WHEREAS**, the state of California prohibits new oil and gas leasing in state waters due to the unacceptably high risk of damage and disruption to the marine environment; and

**WHEREAS**, the Governor of California, the Attorney General, the State Senate, the State Lands Commission, along with several cities, have taken a stand against new federal offshore oil and gas leases in the Pacific Ocean, and several municipalities have called for a ban on offshore fracking; and

**WHEREAS**, expanding offshore drilling, fracking and other well stimulation off the California coast will deepen the state's dependence on fossil fuels and undermine its efforts to address climate change by reducing greenhouse gas emissions and moving toward renewable energy; and

**NOW THEREFORE, BE IT RESOLVED** by the City Council of the City of Ojai, California, that the City of Ojai Supports (1) a ban on new offshore oil and gas drilling, fracking and other well stimulation in federal and state waters off the California coast, and (2) no new federal oil and gas leasing in all U.S. waters, including off the coast of California.

The Clerk shall forward a copy of this Resolution to U.S. Secretary of the Interior Ryan Zinke, California Governor Jerry Brown, U.S. Senators Dianne Feinstein and Kamal Harris as well as U.S. Congressional and state representatives for Ojai and any other interested parties.

City of Ojai  
Resolution No. 17-45
