MODIFYING EXHIBIT A OF RESOLUTION 19-07 TO AMEND THE LIST OF
PROJECTS TO BE ADOPTED FOR FISCAL YEAR 2019-20 AND FUNDED BY
SB 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017**

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and Signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of the City of Ojai are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City must include a list of all projects proposed to receive funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1 which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City, will receive and estimated \$130,426 in RMRA funding in Fiscal Year 2019-2020 from SB 1; and

WHEREAS, this is the third year in which the City of Ojai is receiving SB 1 funding and will enable the City of Ojai to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City has undergone a public process to ensure public input into our community's transportation priorities/the project list, including receiving public comment on the proposed street list at the City Council meeting of April 23, 2019; and

WHEREAS, the City used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the communities priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City maintain and rehabilitate streets and related transportation infrastructure throughout the City this year and similar projects into the future; and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that the City of Ojai’s streets and roads are in an “at-risk” condition and this revenue will help us increase the overall quality of our road system and over the next decade will bring our streets and roads into a “good” condition; and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.

WHEREAS, the Ojai City Council desires to amend the list of projects to be funded by SB1 previously submitted as Exhibit A to Resolution 19-07, in order to add further detail for the purposes of clarification.
